

Environment & Sustainability Minor

The Environment & Sustainability minor encapsulates the learning goals built into the BS-ES degree, including an inherent interdisciplinarity that encompasses science, policy, and humanities perspectives.

Requirements

In addition to the BS degree, we also offer a minor that is available to students across the University. The minor in Environment & Sustainability is an 18-credit suite of courses, with 13 credits comprising the core and the balance as electives, with a range of options for fulfillment:

Code	Title	Credits
ERTH 1050 & ERTH 1051	Envt & Sust Science I and Envt & Sust Science I Lab	4
ERTH 1060 & ERTH 1061	Envt & Sust Science II and Envt & Sust Science II Lab ¹	4
ERTH 2240	Environmental Justice ²	3
Select one of the following:		2
ERTH 1008 & ERTH 1009	Intrpt: Ecological Belonging and Intgrt: Cultivating Wellbeing
