

Integrated Design Minor

Requirements

The minor in Integrated Design requires 18 credits. 12 credits come from the three-course core sequence, and the other six credits are electives, which can be taken at any time (before, during, or after the core sequence). Students can therefore navigate the core sequence and the electives in multiple ways. Note that the core sequence begins in the spring semester.

Code	Title	Credits
CCTP 5150	Intro to Design Theory & Practice	3
CCTP 5555	Discovery Studio	6
CCTP 5666		3
Design Electives		6
CCTP 5013	Data Design: A.I. & the Cloud	
CCTP 5015	Interaction Design	
CCTP 5021	Computing & Meaning of Code	
CCTP 5022	Critical Theory & Cont Media	
CCTP 5029	Digital Video Storytelling	
CCTP 5030	Prof Podcasting for Business	
CCTP 5032	Remix Practices	
CCTP 5037	Diagrams & Dialogues	
CCTP 5038	History & Philosophy of Computing	
CCTP 5039	Technologies of Persistence	
CCTP 5042	Tech Entrepreneurship	
CCTP 5043	Data Storytelling	
CCTP 5046	Gaming the System	
CCTP 5047	Useful Frictions	
CCTP 5048	Graphic Design Studies	
CCTP 6003	Design/Prototyping in Makerspace	
CCTP 6034	Intro Python & Machine Learning	
CCTP 6043	Prod Devt in New Digital Age	
CCTP 6072	Design, Prototype, Build	
ARTS 1602	Graphic Design I	
ARTS 1700	Animation I	
ARTS 2600	Hybrid Futures in Design	
ARTS 2701	Animation: Motion Design	
COSC 4850	Intro to Human-Centered CS	
LDES 5001	Methods of Learning and Design	
LDES 5002	Technology Innovation by Design	
LDES 7203	Impact of AI on Higher Ed	
LDES 7302	CritSpecDesign for Anti-Racism	
Total Credits		18
