Total Credits		74

Total Clinical Hours: Required minimum 1250 hours (1000 specialty hours + 250 DNP project hours). Students are expected to attend clinical weekly x 14 weeks¹

Expected Specialty Clinical Hours: Total 1000 HOURS²

Term 4 (NURO 6511): 16 AMBULATORY hours a week x 14 weeks of the term (required min 224 hours)

Term 6 (NURO 7672): 16 AMBULATORY hours a week x 14 weeks of the term (required min 224 hours)

Term 7 (NURO 7684): variable ambulatory and on-call hours** with a focus on the INTRAPARTUM setting x 14 weeks (required min 224 ambulatory OR intrapartum hours). Additional clinical hours may be necessary to meet course experience minimums and clinical competency depending on birth volume at the clinical site.

Term 8 (NURO 8722)³: 16 AMBULATORY hours a week + variable on-call time** for a total of 40 - 50 full scope hours per week x 14 weeks of the term (required min 224 AMBULATORY AND a program minimum of 1000 hours which includes both ambulatory and intrapartum hours). Additional clinical hours may be necessary to meet course experience minimums and clinical competency depending on birth volume at the clinical site.

¹ Students are expected to engage in clinical activity throughout the term. In doing so, they will have met and exceeded the required minimum ambulatory hours necessary to sit for the NCC certification exam and obtain state licensure. Actual number of hours may vary

according to student's ability to meet course competencies. To sit for the AMCB certification exam, clinical safety and competency must be demonstrated. Thus, in addition to required clinical hours, successful completion of all clinical courses requires demonstrated competency along with completion of all clinical assignments, and any required minimum number of clinical experiences. Please refer to the NM/WHNP & WHNP Student Handbook and clinical course syllabi for the complete clinical course requirements and policies.

² Likely to include weekend AND/OR night call.

³ The final term includes an Integration clinical experience. This is an intensive clinical course that requires full-time practice. We strongly discourage maintaining a work schedule during this term.
